*Your Field Advisor will drop in early in the year to assess your classroom management. He/she will use the Management Walk-Through Form A that you filled out and gave to him/her at Orientation to Internship. The Field Advisor will use this information as a basis for assessing your classroom management, using Form B. You will receive a copy of Form B after the observation. Please reflect on areas of concern that your Field Advisor noted, develop a plan to address these areas, and bring your plan to the next scheduled IDS.*
